Should we continue with the NDP?

After some discussion it was concluded that the decision could not be made without consulting the residents of the Parish. To this end, and to ensure that respondents are fully aware of all the issues, it is to be recommended to the Parish Council that an exhibition illustrating the scope of the NDP will be put on in the meeting room of the RMH, commencing 11am Sunday 29th June and continuing until 6.00pm on Friday 4th July. Opening times to coincide with booked events to ensure access.

A questionnaire, which would include a brief overview of the content, advantages and limitations of an NDP, along with the dates of the exhibition, will be delivered to every dwelling in the Parish. All the members of the household would be asked if they thought the NDP was a worthwhile exercise, giving their names and age group. The questionnaire would be enclosed in a personalised envelope and give details of where and when to return it.

If possible the questionnaire is to be available for the first week in June for delivery with the Folio.

Action. Margaret and Meryl with assistance from group members as required.

General. It was suggested that, in order to avoid any possible abuse, return forms must always include names and addresses to be considered.
